

|| CENTRAL ALABAMA COMMUNITY COLLEGE
REPORT ON

- Text: The final contact attempt will consist of a text message to the phone number on file for the student. Students will have seven (7) days in which to respond to the text with an updated delivery address.

Following execution of the three-prong approach (21 days), no additional attempts will be made to disburse the undelivered funds to the student. These funds will then revert to Phase II funds.

PHASE II

Phase II funds will be distributed approximately sixty (60) after the initial award date to eligible students in a tiered fashion. Awards will be determined based on the remaining dollar amount of HEERF funds.

Following execution of Phase II distribution any remaining funds will revert to Phase III funds for a final distribution.

PHASE III

Phase III funds will be distributed to eligible students, previously identified, via methodology described in Phases I and II. Awards will be determined based on the remaining dollar amount of HEERF funds.
